Objective

A highly motivated undergraduate software developer with a strong foundation in computer science, eager to leverage technical skills in building innovative, user-centric, and scalable solutions. Passionate about learning and contributing to impactful projects.

Education

Guru Nanak Dev University, Amritsar, Punjab **2023 – Present**

Bachelor of Computer Application, CGPA: 7.27

Govt Girls Sen Sec School, Amritsar, Punjab **2022**

PSEB, Class XII, 92.2%

BhaBha Public School, Amritsar, Punjab **2020**

PSEB, Class X, 85%

Hackathon & Projects

ABM Automation System | Kochertech Hackathon

- Tech Stack: MERN Stack, n8n, OpenAI API, REST APIs
- Gained hands-on experience building an Account-Based Marketing (ABM) tool using n8n to automate complex lead identification and outreach workflows.
- Integrated OpenAI to drive data-driven decision-making and personalized communication logic for high-value targets.
- Collaborated in a fast-paced team environment to deliver a functional AI-powered MVP within strict hackathon deadlines.

High-Performance Landing Architecture Tech Stack: HTML5, CSS3, JavaScript, Cursor (AI Code Editor)

- Hands-on development of a 100% responsive, high-speed landing page using Cursor and semantic HTML for a modern glassmorphism aesthetic.

Persistent Task Management App Tech Stack: JavaScript (ES6+), Tailwind CSS, LocalStorage API

- Built a hands-on utility-first application featuring full CRUD functionality and client-side data persistence.
- Leveraged Tailwind CSS to create a minimalist, intuitive interface focused on efficient user interactions.

Technical Skills

Languages & Programming: Java, JavaScript, Python, SQL, C, C++, HTML5, CSS3.

Tools & API Integration: VS Code, Postman, Figma, Canva, WordPress, MongoDB, Gemini API Integration

Technologies & Frameworks: React.js, Node.js, Express.js, Tailwind CSS, RESTful APIs

Soft Skills: Team Leadership, Time Management, Adaptability, Collaboration, Problem Solving

AI & Automation Tools: n8n, Cursor, ChatGPT, Claude, Gemini, Notion AI
